HUSSEY HELD FOR MURDER

WAS YOUNG BARRY KILLED BEFORE HIS BODY WAS PLACED ON THE TRACK?

A Crowd at the Hearing Before Justice Massey To-Day - Hossey Admits He Struck Barry Three Times-His Four Comrades Held as Witnesses—Conflict

Justice Massey's Brooklyn court was crowded this morning when Michael Hussey. Thomas Hemmingway, Jackson Simons, James Flynn, John and William Chetts, Albert Platt, John Lacey and Thomas Sullivan, th men arrested on suspicion of causing the death of young Edward P. Barry, of Thirtyeighth street and Ninth avenue, were ar raigned to plead.

sagned to plead.

Sergt. Collins, of the Eighteenth Precinct, was on hand with a number of his men who made the arrests to prefer a charge of homicide against Hussen.

Cant. Ford testified that young Barry's body was found on the track of the Brooklyn, Bath and West End Railroad, at Eighth avenue and Thirty-ninth street, with his skull fractured and one leg cut off, apparently by a passing train.

Hussey was then arraigned to plead. He told how he and a number of others were drinking in his salcon when his attention was called to Barry and a man named Albert Platt, who

were outside wrestling.

"I went outside and tried to separate them, when Barry turned to me and commenced swearing.

"They were both somewhat under the influence of liquor, and were evidently in an ugly humor. When I tried to get them away from my premises blows were ex-

away from my premises blows were exchanged.

"I struck Barry three times, when some one interfered and separated us. Barry then left and started towards the railroad track. That is all I know of it."

Justice Massey, after hearing the prisoner's explauation, decided to hold him on a charge of homicide.

Thomas Hemmingway, Jackson Simons, James Flynn and Albert Platt were also held as witnesses. The remainder of the party were discharged.

The police are inclined to believe that Barry was killed and then placed on the railroad track to hide the fact of the terrible crime.

Others believe that after being struck by

Others believe that after being struck by Hussey young Barry wandered along the track, and that his death was caused by his being nurled by the train against the tele-graph pole, where his body was found. The case was adjourned until next Monday.

JERSEY CITY NEWS

A Bersie Watchman Dies from Injuries Received at His Post.

Anton Bachus, of 95 Greenville avenue Jersey City, died the death of a hero early this morning. He was the night watchman at the large factory of the Eagle Dry Plate Company, located on Jackson place.

Company, located on Jackson place.

While on his rounds, shortly after 2 o'clock yesterday morning, his lantern exploded and burning oil was scattered about. In a moment fames were rising everywhere.

Bachus remembered an arrangement with the police to the effect that in case of danger the factory whistle was to be blown. A wall of fire confronted him when he started for the engine-room. Hesitating but a minute, he dashed through it, jerked the whistle-cord and then staggered back through the flames to the open air to fall fainting on the ground. He sank steadily until death ended his pain this morning.

This heroism failed to save the factory, for when the firemen arrived the great building was a mass of flames.

The factory was built for the manufacture of the plates used by photographers, and \$19,000 worth of plates were destroyed, with \$6,000 worth of machinery. The lose on the building brought the total to about \$20,000. George Gennert was the head of the company. He says that the loss is entirely covered by insurance.

At about 10.15 o'clock people in the neighborhood of the Post-Office were surprised to see a heavily built car, somewhat higher can like a deer towards the bay. His victim was taken to the City flospital, where it was agestained that his skull was fractured and that he cannot possibly live. Mignogna is still at large. It is believed that he has leaved that he has the first of the two in since the company and was treet.

Mrs. Elizabeth Wardell, of Avenue E, who was one of the convorts baptized by the Faith Curata at Mount Zion Sanctuary yesterday, is a member of the Linden Avenue M. E. Church, in Jersey City, and ber-enion with Sister Jackson's band has attended for twenty years.

A lamp exploded at the home of Constable G. G. Dillaway, 80 Landen avenue, and the sames which followed caught Mrs. Dillaway's clothing. She rushed sereaming to the street, where she was almost stripped of the burning garments by neighbors. Her back and arms were terribly burned.

Unritz's Poker Game Raided. Detective George Connors, of the Eldridge atrect station, found a game of poker in operation in

Moritz Unrita's restaurant, 24 Stanton street, last night. He watched the game for half an hour and then left to hurry to the station-house for a squad of policemen to make a raid.

The proprietor and ten men were captured and over two hundred chips were selzed. At the Essex Market Police Court this morning Unitz was held for trial and the inmates were fined \$5 each.

With Ayer's Hair Vigor. Its cleanliness, beneficial effects on the scalp, and lasting perfume commend it for uni-versal toilet use. It keeps the hair soft and silken, preserves its color, prevents it from falling, and, if the hair has become weak or thin, promotes a new growth.

"I was afflicted some three years with scalp disease. My hair was falling out and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its original color."—(Rev.) S. S. Sims, Pastor U. B. Church, St. Bernice, Ind.

Pastor U. B. Church, St. Bernice, Ind.

"A few years ago I suffered the entire loss of my hair from the effects of tetter. I hoped that after a time nature would repair the loss, but I waited in vain. Many remedies were suggested, none, however, with such proof of merit as Ayer's Hair Vigor, and I began to use it. The result was all I could have desired. A growth of hair soon came out all over my head, and grew to be as soft and heavy as I ever had, and of a natural color, and firmly set."—J. H. Pratt, Spofford, Texas.

THE PROCTOR AUTOPSY.

It showed No Trace of Malarial Disease-Arrangements for the Funeral.

The recently embalmed body of the late Prof. Proctor will, it is understood, be buried very quietly to-day or to-morrow. It is to be brought from North Brothers' Is-

land to East Sixteenth street where the hearse will be followed by two carriages containing Mrs. Proctor, the Professor's children and George W. Wilson, an intimate friend of the family from the South, to Greenwood Ceme-tery, where it will be deposited in the re-

tery, where it will be deposited in the receiving vault.

Mrs. Proctor will sail for Europe in a few
days to attend to her late husband's property
there, and will return to New York in the
winter. Then the remains of Prof. Proctor
will be removed to St. Joseph, Mo., or Oak
Lawn, Fla., for final interment. No application has yet been made for the body.

The autopsy held yesterday is officially reported to President Bayles to-day by Drs.
T. Mitchell Prudden and Herman N. Biggs,
pathologists to the Health Department, as
follows: follows:

In accordance with your request an autopsy on the tody of Prof. R. A. Proctor was made at 2.30 P. M. yesterday at North Brother's Island, and we submit the following report:

Decomposition was so far advanced that it was impossible to arrive at a definite conclusion as to the cause of death. The organs presented no evidence whatever of principular remittent fever, or other form of maintaid disease, such as even in the condition of decomposition. such as even in the condition of decomposition presented by the body would ordinarily be ap-

presented by the body would ordinarily be apparent.

The only positive change due to disease which could be made out was in the kidneys, which showed the appearance of old though not of advanced libease.

The alterations produced in the body by yellow fever are usually of such character as to be nearly or completely obliterated by advanced decomposition. We are therefore only able to say in this connection that there was no other evident cause of death and nothing which could be incompatible with death from that disease.

At noon a permit was granted Undertaker Stephen Merritt to bury the body of Prof. Proctor in Greenwood.

The body is to be brought over from North Brother's Island this afternoon by the Health Department steamer and will be taken immediately to the cemetery.

NOT AS TALL AS SEEBOHN.

Otherwise the Hoffman House Suicide Resembles the British Dramatist.

Head Porter O'Toole, of the Hoffman House, says that the description of the dramatist Seebohm as cabled to this country does not resemble the suicide in every particular.

"In the first place," said Mr. O'Toole to an Evening World reporter, the suicide was not six feet tall by any means, and instead of being clean shaven he had a slight mustache. In other respects, though, the description answers that of the suicide as regards hair, nose and clothing.

"Take it all in all, I do not believe, from the description, that the suicide is Seebohm, but who he is time alone will show."

Bit His Father's Thumb Nearly Off. Michael James Kelly, aged sixteen, of 250 West Sixteenth street, last night caught his father's thumb in his mouth and atmost bit it off. "Tammany Hall," said one of the prominent leaders of the County Democracy, "is in favor of a union, provided Tammany Hall manes the candidaies for Mayor, Sheriff and County Clerk. Tammany Hall has an idea that we will be forced to accept any terms the Wigwam will propose, but Richard Croker, Sheriff Grant and County Clerk Flack will find out that they are mistaken. They can't buff us.

"Let me prophesy something: There will be no union. The County Democracy will renominate Hewitt. About six of the County Democracy Assembly District leaders will break away from the machine and hundreds of their lieutenants will follow them.

"The Countues will depend upon the Republicans to elect Hewitt. The Republicans indorsed Nicoll last year, but thousands of them voted for Fellows. If Republicans preferred Fellows to Nicoll, they will prefer some one else to Hewitt. You will find that the Republicans will nominate a good straight ticket.
